What is RedactXpert for Policing?

A vast volume of police documents requires redaction and transmission to the Crown Prosecution Service daily. Recognising the need for a more efficient redaction process, Simpson Associates have developed, in conjunction with Microsoft, "RedactXpert". This innovative AI-powered tool streamlines the process of redacting documents using AI, saving valuable time and resources.

While redaction tools are commonly used within UK law enforcement, RedactXpert sets a new standard. As the only automated redaction tool built on the Microsoft Azure platform and leveraging Microsoft's Cognitive Services, RedactXpert excels in identifying and redacting Personally Identifiable Information (PII) with the power of AI precision.

Benefits of RedactXpert for Policing:

- ✓ **Automates the redaction process**, reducing manual effort and accelerating document turnaround times.

- ✓ **Leverages AI** to accurately identify and redact sensitive information, minimising human error.

- ✓ **Protects sensitive data**, ensuring thorough and compliant redaction whilst taking advantage of your existing secure authentication.

- ✓ Handles **large volumes of documents** and stores data within Microsoft local sovereignty datacentres, adapting to your increasing workload.

- ✓ **Integrates seamlessly** with existing Microsoft workflows, optimising the redaction process.

- ✓ **Developed in partnership** with a number of UK police forces in order to ensure key requirements are met.

Why Choose Simpson Associates?

- ✓ **Microsoft Partner of the Year**

- ✓ **Continual Investment Into RedactXpert**

- ✓ **Experienced AI Team**

- ✓ **Trusted Security Partner** - Cyber Essentials Plus Certified, ISO 27001 accredited, JOSCAR registered and security cleared staff to SC & NPPV level 3
